# LEAD

## BY EXAMPLE.

Emerging Leaders members have opportunities to enhance their personal and professional leadership skills and take active roles on projects and committees.

**Lead** opportunities offer members venues to enhance their leadership. In addition to taking the lead on projects, other opportunities include serving on an Emerging Leaders team, joining the Board of Directors and attending leadership trainings held throughout the year.

**Off the Record** luncheons provide an exclusive opportunity to sit alongside business and community leaders to learn how they got where they are professionally and as an involved community member.

# SERVE

## YOUR COMMUNITY.

Emerging Leaders provides tools to learn about local needs and hands-on opportunities to address them.

Committee members plan and implement projects that have a lasting impact on our community. You can participate in our own sponsored projects and those offered by United Way and other non-profit organizations.

**Serve Projects** are chosen annually. Projects such as maintaining the Born Learning Trails, partnering with businesses to educate youth about local careers, and providing meals at the Warming Center focus on creating a community where everyone is **UNITING TO THRIVE** within Marathon County.

Annually this group has participated in **Make a Difference Day**, raking yards for the elderly or physically unable.
